7.0 Hope VI, Mixed Finance Modernization or Development, Demolition and/or Disposition, Conversion of Public Housing, Homeownership Programs, and Project-based Vouchers

(a) Hope VI or Mixed Finance Modernization or Development: PHA does not have Hope VI or mixed modernization programs planned.

(b) Demolition and/or Disposition:

1. PHA has provided the Department of HUD certification ensuring a current Declaration of Trust (DOT) is recorded against all property that has been acquired, developed, maintained or assisted with funds from the U.S. Housing Act of 1937.
2. PHA may dispose of excess land adjacent to PHA development located at 108-112 Cleveland Avenue and 327 Fig Street in Madera.

(d) Homeownership: The Housing Authority currently has Homeownership-Voucher program in place and applies annually for the Section 8 and Public Housing FSS Coordinator grants to support Homeownership programs.

(e) Project-based Vouchers:

- As the PHA strives to provide housing opportunities for individuals and families in need throughout Madera, especially those who are most vulnerable, Project Based Vouchers (PBV) are an essential resource. The Housing Authority has updated its Administrative Plan for the Housing Choice Voucher program to provide PBVs to projects that will target persons with very-low incomes. Projects will be selected in accordance with HUD Title 24 Part 983.51 and PHA Administrative Plan. Selected projects, such as Arborpoint and 308 North "B" will demonstrate a need for rent subsidy in order to help offset basic operating costs and allow for the projects' financial feasibility. PBV goals are the following:
 - ❖ PHA will operate a project-based voucher program using up to 10 percent of its budget authority for project-based assistance.
 - ❖ It will promote the deconcentration of poverty and expanding housing opportunities by selecting projects which are in non-impacted areas with the exception of redevelopment areas.

- ❖ It will work with other programs to expand the affordable housing opportunities in our community.
- ❖ Promote development of housing units serving very low income populations, such as homeless, special needs and individuals with severe mental illness.
- PHA is evaluating the efficiency for conversion of Public Housing to Project Based Vouchers.

RE: Process to Return Capital Fund CA39R06950110 - \$2,850.00

Dear Ms. *Melina* Whitehead:

I am writing to receive direction as to the appropriate process to return "Replacement Housing Factor (RHF)" funds. The small sum of money available (\$2,850.00) has no practical uses when coupled with HUD requirements (environmental/reports, etc.) for expenditure.

If this letter is sufficient, then please accept my formal request to return RHF funds from Capital Grant No. CA39R06950110 in the amount of \$2,850.00. If more is required please advise.

Sincerely,

Nicholas Benjamin

10.0 Additional Information. Describe the following, as well as any additional information HUD has requested.

A. Progress in Meeting Mission and Goals.

a) Increase the availability of decent, safe, and affordable housing:

1. Expand the supply of assisted housing by leveraging private or other public funds to create additional housing opportunities; and, acquire or build units or developments.

The PHA completed the sale of 16 single family Public Housing units through HUD's disposition program. The funds from the sale of these units will and have been utilized to purchase and/or partner with community agencies in developing affordable housing opportunities in Madera:

- 4 units on 708 Greenway
- 4 units on 704 Greenway
- 6 units at 308 North B Street
- 22 Acre property on Storey Road

2. Improve the quality of assisted housing by renovating or modernize public housing units; improve PHAS score; maintain high performer status in the Section 8 program; analyze the possibility of disposition of certain public housing units.

The PHA continues to utilize Capital Funding to renovate and modernize Public Housing units improving the quality of assisted housing.

The Section 8 program continues as a High Performer.

The Public Housing program continues to work hard to improve their PHAS scores by providing the Maintenance staff training in detecting failed items in a dwelling unit while performing routine maintenance work orders.

The PHA successfully disposed/sold 16 Public Housing units to low-income families.

3. Increase assisted housing choices by continuing Public Housing and Voucher homeownership programs; and homeownership education classes to potential first time homeowners.

The Housing Choice Voucher (HCV) program continues to provide its Homeownership subsidy option to assist first time homebuyers purchase their first home. The HCV Homeownership program has had a total of 20 families participate in the this program. Through other programs such as FSS and the City's down payment assistance program, a total of 120 families have purchased homes through the HCV Homeownership program, FSS program, and the City's down payment assistance program since 1997. First time homeowners continue to be referred to homeownership education classes.

b) Improve community quality of life and economic vitality.

1. Continue Community Policing program and establish resident education programs at development sites on housing and community services and programs.

The PHA continues to contract with the City Police Department in providing a Community Policing program. This past year, a Neighborhood Watch program has been started in public housing neighborhoods. Fifteen residents in various neighborhoods volunteered to serve as "Captains" for their areas and the Police Department has been providing informational resources to assist them in maintaining safety in their neighborhoods.

c) Promote self-sufficiency and asset development of assisted households by:

- Increasing the number of percentage of employed persons in assisted families.
- Continue to apply for Resident Opportunity and Self-Sufficiency (ROSS) Grant to provide a "Family Advocate" position to provide Family Self-Sufficiency (FSS) Case Management for public housing and Section 8 participants.
- Collaborate with local support service agencies to obtain updated and current program information to assist families become self sufficient.
- Partner with local and private organizations for asset donations for the residents.
- Collaborate with other local agencies in efforts to serve the housing needs of the special needs and homeless.

The PHA solicits the Family Self Sufficiency program to all new participants of Public Housing and Housing Choice Voucher programs. The PHA was successful in obtaining continued FSS and ROSS funding last year. The FSS program staff continue to work closely and partner with local agencies such as the Workforce Development office, Unemployment department, Adult Education, Community College District, Central Valley Opportunity Center, etc. With the struggling economy, progress has been slow, however, an increase was seen in the number of employed participants and an increase in earned income this past year.

The Section 8 FSS program has completed its mandated FSS program size and is now operating a voluntary Section 8 FSS program.

ROSS SC - significant number of households have had an increase in their earned income this past year

d) Ensure equal opportunity and affirmatively further fair housing Objectives by:

- Undertaking affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion, national origin, sex, familial status, and disability.
- Provide training to all staff to keep abreast of the current fair housing laws.

- Maintain staff awareness and training on the special needs of sub-cultural issues to avoid any form of discrimination.
- Establish a Housing Counseling Center for families at risk of losing their homes due to foreclosure.

The PHA undertakes affirmative measures to educate program participants regarding their right to obtain and maintain suitable living conditions regardless of race, color, religion, national origin, sex, familial status, and disability. All new Housing Authority participants are briefed and provided literature regarding fair housing.

New Housing Authority staff are sent to annual Fair Housing training provided by the Fair Housing Council and/or attend local Fair Housing Council Conferences. In addition, the Fair Housing Council visits the Housing Authority at least every other year to conduct a brief overview for all staff.

The PHA was not eligible to participate as a Certified Housing Counseling Agency. Fresno Housing Authority, who is a Certified Housing Counseling Agency, is working with the PHA in providing monthly foreclosure counseling for the City of Madera residents. In addition, the PHA is working closely with the City of Madera and Fresno Housing Authority in coordinating a major foreclosure workshop event in the month of June 2012.

Other PHA Goals and Objectives:

- Maintain modern technology in computer systems, both hardware and software.
- Establish a MHA website.
- Continue to maintain financial stability.
- Provide training to staff on a regular basis.
- Continue staff committees to plan team-building activities.

The PHA's website went online the first quarter of 2012...maderaha.org

The PHA installed interview rooms accessed from the front lobby to conduct annual and interim recertification appointments for participating families. The interview rooms provide privacy for families and security for staff.

The PHA implemented a mandatory "Direct Deposit" system for Landlords receiving Housing Assistance Payments in 2011.

The selling 16 Public Housing units has provided the PHA or its non-profit affiliate the ability to acquire additional housing units providing revenue to invest in other housing ventures.

Staff continue to attend educational conferences and training programs relative to their specific job requirements. Internet webinars and teleconferences are being utilized to provide inexpensive training opportunities as well as the ability to have more staff participate.

Management continues to stay abreast of new laws and regulations by attending industry related conferences or meetings; and, monitoring industry related websites.

The PHA has established an 'Events Committee' comprised of staff from each department of the Agency. The Events Committee coordinates the annual staff retreat that promotes staff morale, education, information, and an open forum for staff discussion on various Agency topics.

B. Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification":

"Substantial Deviation" and "Significant Amendment or Modification"

The Code of Federal Regulations (CFR) at 24 CFR Part 903 Section 7, Public Housing Agency Plans; Final Rule issued on October 21, 1999, is very specific with respect to the information a PHA must provide in its Agency Plan. Part 903 Section 7 (r) (2) states that a PHA must identify the basic criteria the PHA will use for determining:

- ◇ a substantial deviation from its Five-Year Plan; and
- ◇ a significant amendment or modification to its Five-Year Plan and Annual Plan.

Notice PIH 99-51 states that PHAs must define the terms "Substantial Deviation" and "Significant Amendment or Modification" by stating the basic criteria for such definitions in an annual plan that has met full public process and Resident Advisory Board review.

The Housing Authority of the City of Madera defines a "substantial deviation" as any action or policy change that in large part is contrary to the mission statement and/or goals and objectives of the Housing Authority.

The Housing Authority of the City of Madera defines "significant Amendment or Modification" as any action or amended language that in large part contradicts language in the approved plan and/or the goals and objectives of the Housing Authority.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements. Such changes do not constitute significant amendments.

Staff in Attendance: Nick Benjamin- Executive Director, Maria Juarez- Housing Services Manager, Andy Magos- Property Services Manager, Martha Ramirez- PH Lead, Irma Vargas- S8 Lead, Elsa Jones- Supportive Services Coordinator.

Resident Advisory Board Meeting Minutes

A Resident Advisory Board (RAB) meeting was held on Thursday March 15, 2012 at Di Cicco's Restaurant Conference Room at 5:30 p.m. Topics to be reviewed included the Agency Plan Review, Capital Fund Update, and Admin and ACOP Updates and Revisions.

Executive Director, Nick Benjamin, welcomed and thanked those present to the Resident Advisory Board (RAB) meeting and everyone present introduced themselves. Maria Juarez- Housing Services Manager started off by reminding everyone that this is our yearly meeting where the Action Plan for the next fiscal year will be discussed for updates and revisions. Immediately following the room was handed over to Andy Magos- Property Services Manager. Andy distributed copies of the Capital Fund breakdown that would be discussed during this part of the meeting. He began by discussing the Capital Fund Program and stated that the ACC had been signed in the amount of \$352,000 which compared to other years Andy explains is a very low amount. Andy briefly discussed the amount that is allowed to be spent each year and how they determine what it will be spent on. Andy explained that they utilize both the REAC scores and the yearly Needs Assessment to determine what the needs are and what needs to be worked on for that year. Andy explains that based on the REAC scores and the Needs Assessment the total amount for repairs calculated 6 million dollars which of course does not compare to amount that was granted. The breakdown for repairs included the following; Site Improvement, Dwelling Structures, and Dwelling Equipment-Nonexpendable. Andy stated that Site Improvements include 1034 Kennedy, 211 Santa Cruz (#A-#B; #A-#B) and 1001 E. Yosemite Ave. (#1-#16). Usually budget only allows improvement for two sites but Andy explains that he always likes to keep an open mind and include a third one just in case budget allows and the last one will usually carry on to the following year depending on funding. Member Marti from YM asked how old the Kennedy complex was to which Andy responded that it was built back in the 80's and not much work has been done to this complex. He stated that Santa Cruz was 35 years old and was in need of repairs because of this 1034 Kennedy and Santa Cruz will be the first on the list for Site Improvement.

Irma Vargas- S8 Program Lead went over the proposed changes for the Admin Plan. One of the proposed changes included "Eligibility for Admission", verbiage was added indicating that admission may be denied if applicants are registered in the National Debts Owed Termination Module. Irma explained that the National Debts Owed Termination Module is a website where applicants owing money to any Housing Authority are reported to, it is made available to any Housing Authority letting them know how much the applicant owes and their sanction period.

"Establishing Preferences and Maintaining the Waiting List" was also discussed as a proposed change; Irma indicated that verbiage has been added to include that a homeless applicant must provide proof of Madera County residency at the time of becoming homeless in order to be considered for a homeless preference. Another proposed change was the "Defined method by which the PHA will verify child care expenses", Irma indicated that verbiage has been added to allow a child care provider to be a family member as long as the provider does not live in the same home. Other proposed changes include extending Voucher term in extenuating circumstances and finally it was discussed that if HAP contract is not executed within 60 days, the PHA will not pay retroactive HAP payments.

Martha Ramirez- PH Program Lead shared her proposed changes for the Admin Plan which included the following areas; Reexaminations, Pets, Lease Terminations, Grievance Procedure, and Program Administration. In the area of Reexaminations it is being proposed that Social Security Administration Cola will not be conducted until annual recertification. As far as the pet deposit as discussed in our previous meeting, Martha stated that it's being proposed to have it changed it will go from \$200 to \$300 with installments of \$50 instead of \$10. Under Lease and Terminations, it has been revised to include that persons residing in the vicinity of the premises also have the right to a peaceful enjoyment of the premises. Martha explained that this means that if enough neighbors are complaining continuously about a tenant, the eviction process may begin. Under Grievance Procedure it has been revised to indicate that the family has 10 business days to submit a request for informal hearing. Finally under Program Administration an annual utility allowance study will determine the allowance based on bedroom size, house, or apartment. Families may be asked to submit 12 months of utility bills. Families will be given a utility allowance according to the bedroom size. Maria explained that we are now using a different system to calculate utility allowance because our old system was providing us with unreasonable quotes. Martha reminded everyone that we continue to hold our Commodities and Brown Bag Food events as well as our quarterly Neighborhood Watch Workshops.

Nick Benjamin- Executive Director briefly talked about our newest project Arborpoint. He took this time to thank Marti for her involvement and participation in this project as member of the MORES Board. He described Arbor Pointe as a 65 unit multi-family complex that should be ready for occupancy by November 2012. Rachel Villareal asked about the green space in the complex to which Nick responded that there was a good amount of grass, the complex also comes with a pool, community center, and computer lab. Rachel was pleased to know that a computer lab will be provided, "this will be a great help to those who are taking online classes and don't have access to a computer" says Rachel.

Maria talked about the department meeting held this month for Public Housing in which it was discussed that all Public Housing tenants will be receiving notices about broken windows. These notices will advise the tenants that all broken window repairs will be tenant's responsibility whether the cause was burglary or not.

Nancy Subido- S8 participant asked if there is any leniency for criminals who are showing effort to turn their lives around. Nick explained that HUD requires backgrounds checks for obvious reasons. HUD has indicated certain offenses that will make you ineligible for housing assistance permanently; these include sex offenders and any kind of manufacturing or selling of meth. In

addition HUD has given Housing Authorities the liberty of setting the number of years they will go back for criminal background when screening applicants, the Madera Housing Authority decided to go with 7 years of criminal history. Nick did mention that because of all the early prison releases HUD might consider loosening their rules but at this point nothing has been said about that.

Finally Maria updated everyone by sharing that we continue to get funded for our FSS (Family Self-Sufficiency Program, as well as our ROSS (Resident Opportunity and Self Sufficiency Program). She also stated that the interview rooms have had a positive outcome and it's something that has worked for everyone. Maria explained that she is working on the "Project Based Voucher" program where Vouchers can be utilized to maintain and increase affordable housing for projects such as Arborpoint and the MORES property at 308 North "B" St. Maria shared the details about the opening of our S8 Waiting List and let everyone know we would be issuing applications ahead of time during regular business hours beginning March 19. Maria explained that the last time this waiting list was open was back in 2009, HUD rule states that we have to have 1 years worth of applicants on the waiting list and at this point we are under that. Nancy Subido- S8 participant asked if people who would like to use their S8 on the place they currently rent be eligible. Maria stated that yes they would be eligible and that actually falls into our "Lease in Place" preference.

Nick thought to include some information regarding the opening of the waiting list. He shared the reasons behind not keeping S8 Waiting List open year round like we do Public Housing Waiting List. Mr. Benjamin explained that most applicants desire S8 because they are able to look for their own housing as opposed to Public Housing offering a unit depending on the vacancy. Keeping this in mind, by leaving the S8 Waiting List open year round we could give false hope to some applicants. Therefore, we close the Waiting List and re-open it when we are able to provide assistance within a 2-3 year period; this also provides the applicants with a peace of mind that their application will eventually be pulled.

Maria indicated that the Housing Authority appreciated everyone's participation in the RAB meetings. She asked if anyone had any comments or suggestions that they would like to share with everyone and there were none.

Meeting adjourned at 7:30 p.m.
